

## Congratulations Dr. Sarah Baker

*PARA's January 2015*

*Resident Physician of the Month*

PGY 3, Radiation Oncology, University of Alberta

Sarah is originally from Surrey, BC where she did her undergrad at the University of Victoria and medical school training at the Victoria site of the UBC Medicine Program. Currently she is a third year resident in Radiation Oncology. Her main interest outside of work is triathlon. She enjoys racing Ironman distance events, but enjoys shorter races as well.

A colleague had this to say about Dr. Baker:

"Sarah Baker is an asset to our Radiation Oncology program. She is hard-working, respectful and easy to collaborate with. Sarah welcomes new/visiting residents to our program and is sure to be inclusive and make others feel welcome. She remains humble about her knowledge base, but demonstrates evidence based medicine and she is willing to offer a helping hand to residents that may need help. She excels at demonstrating work-life balance, maintaining a committed work schedule while training as a competitive triathlete. She is always available as a shoulder to cry on or an ear to listen and offers insightful advice. Sarah would represent PARA as Resident of the Month as she embodies kindness, medical excellence and work-life balance."

**NOMINATE someone you know for the  
RESIDENT PHYSICIAN OF THE MONTH Award**
