

Congratulations Dr. Justin Marillier

PARA's November, 2014

Resident Physician of the Month

PGY 3, Obstetrics & Gynaecology, University of Alberta

I am Justin Marillier. I graduated in Medicine from the University of the Free State, South Africa. After completing a Diploma in Anaesthetics and a Diploma in Obstetrics in South Africa, I moved to Canada and worked as a family physician in Slave Lake for five years. I joined as a resident in Obstetrics and Gynaecology at the University of Alberta in 2013.

I am married and have two gorgeous girls ages 5 and 3 years. My hobbies include; reading, travelling, and watching movies. However, my movie base recently has been limited to the likes of Frozen and anything princess related.

A colleague had this to say about Dr. Marillier:

“Justin is an extremely supportive resident colleague. He is always available for assistance, debrief, and generous offers in tricks of the trade. On top of that, Justin is a father to two beautiful little girls and partner to his lovely wife. Justin practices resident and medical student well-being by checking in on team members throughout the work day seeing if they’ve had a chance to practice some self-care. More importantly, Justin knows how to share a good laugh.”

**NOMINATE someone you know for the
RESIDENT PHYSICIAN OF THE MONTH Award**
